- Survey notes
- This survey has been carried out at an accuracy commensurate with the scale shown on the title block of the drawing. Enlarging the drawing by digital means will not increase the accuracy of the survey.
- Taking dimensions from the drawing is not recommended and measurements for design/construction should be taken from the digital version only, although a scale rule can be used for basic layout and check measurements.
- Building wall thicknesses, if shown are for illustration purposes only.
- Trees
- Whilst every effort has been made to correctly identify species of trees on the site, we advise that an arboriculturalist be consulted before any final decisions are made.
- Tree legend
- t - trunk diameter
 - s - spread diameter
 - h - approximate height
- Tree canopies have been shown as an average spread unless otherwise drawn.
- Services
- While all reasonable care has been taken in locating the underground services shown on this plan the completeness or accuracy of the information cannot be guaranteed.
- Users are advised to satisfy themselves before connections are made.
